Social Channel Risks and Reminders

SOCIAL MEDIA

Any website or app that enables users to create and share content with others.

RISKS

A Contact can **take a photo or screenshot** of your PATH conversation with their smartphone.

Contacts could post these photos to their personal social media accounts to be seen and reshared by others.

If these messages are not reflective of Christ's love and character, it could hurt the way people view...

YOU

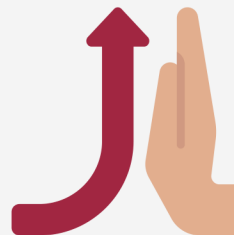

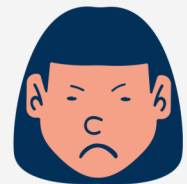

you are greatly **appreciated** and **valued**.

REMINERS

Becoming argumentative, or having a quarrelsome attitude, is never helpful.

Reassign the Contact to your Community Leader or to the Abusive category if needed

Make every effort to kindly redirect a difficult conversation, and put the focus back on the message of Christ or spiritual questions/answers.

Your witness is **key** to reaching the world with the hope of **Jesus**.
